

## BURNIE TEN – 16 OCTOBER 2011

Participants were greeted with “four seasons in one day” in the 27<sup>th</sup> running of the Burnie Ten. When the race started the sun shone but 28 minutes in, drops of rain started falling. Competitors reported that winds added to the difficulty of the race. Icy conditions, with wind and rain kept things cool for some runners, with the weather clearing up in time for the back of the pack to cross the finish line. There were 32 TMA members amongst the 3152 starters in the event.
